Use:

Daily, between two colorations

Active principles:

Provitamin B5

Active vegetal principles:

Cotton and Wasabi Extract, Vegetal melanin

The colored hair, dryer as natural hair, needs a very specific maintenance (in particular after an oxidation coloration). They are very sensitive at UV radiations

The colored hair range Elodys has been especially developed for the care of colored and streaked hair, in order to:

- Revitalize the hair damaged by a coloration thanks to the Provitamin B5 (Panthenol) and the cotton extract
- Protect the brilliance of the color durably thanks to a new generation enzymatic protective system containing Wasabi (Japanese plant) and vegetal melanin to combat the free

Colored hair Shampoo enriched with cotton extract

Thanks to its creamy foam the shampoo washes the hair gently. The enzymatic system protects durably the brilliance of the hair coloration.

The hair is shiny, healthy. The coloration is holding as the days go by with a sublimated brilliance.

Capacity: 250 ml, 500ml, 1000 ml

Colored hair balsam enriched with cotton extract

Formulated on a smoothing base, the conditioner without posing time is especially designed for colored or streaked hair.

It nourishes in depth the hair shaft, the enzymatic system preserves the beauty and the brilliance of the color.

The hair is soft and full of vitality

Capacity: 250 ml, 500ml, 1000 ml

Colored hair mask enriched with cotton extract

For a care deeply cocktail, Choose this hair colored mask. It nourishes in depth the hair shaft, the enzymatic system preserves the beauty and the brilliance of the color.

The hair is soft and full of vitality

Capacity: 250 ml, 500ml

Use:

In cure, alternately or in complement of other programs

Active principles:

Mimetic ceramid with repairing properties

Active vegetal principles:

Sunflower oil and Babassu oil for the moisturizing. Wheat proteins.

The dry hair is brittle, vulnerable faced with external damaging effects and often chemically damaged (perms, bleachings).

The Dry hair range Elodys has been especially elaborated to:

- Repair the naturally dry hair for which the keratinic fiber is often damaged by the combined action of proteins and of a mimetic molecule of the ceramid type 2 that strengthen the cellular cohesion of the hair and protects durably the damaged hair
- Moisturize the very dry hair thanks to the fatty acids contained in the sunflower oil and in the Babassu oil.

Moisturizing Repairing shampoo Dry hair enriched with wheat proteins and rebuilding ceramids

Thanks to its creamy foam, this shampoo with mimetic ceramids washes the hair gently, without making it heavy. Wheat proteins of small sizes penetrate in depth the keratinic shaft to settle down on the damaged parts and repair them.

Capacity: 250 ml, 500ml, 1000 ml

NO PARABEN

Repairing conditioner Dry Hair enriched with Babassu oil and rebuilding ceramids

New generation of product, this care synergizes the nourishing and regenerating properties of the sunflower oil, of the Babassu oil, to those of the mimetic ceramids. The hair gorges itself with moisturizing active ingredients and recovers vigor, tonicity and shine.

Capacity: 250 ml, 500 ml, 1000ml

With Babassu oil

NO PARABEN

Nourishing Repairing Mask Dry Hair enriched with wheat proteins and rebuilding ceramids

For a cocktail regeneration deep care, Choose this nourishing mask. It gradually penetrates your hair, it gives an optimal moisturization.

The hair becomes silky and easy to comb.

Capacity: 250 ml, 500ml

Use: Daily use

Active vegetal principles:

Coconut extract (Cocos Nucifera)

Biological coconut oil

The NOURISHING range ELODYS has been especially elaborated to nourish the hair in depth, this range is aimed at the people having the habit of washing hair every day.

It's above all the escape program, an invitation to the journey towards the coconut palms and the turquoise blue lagoons. The daily washing becomes a real pleasure gesture; the coconut scent will captivate you.

Shampoo with coconut extract

The creamy foam of this shampoo Coco with nourishing properties guarantees a practical and efficient washing without damaging the scalp.

Capacity: 250 ml, 500ml, 1000 ml

Conditioner with biological coconut oil

The biological coconut oil brings the necessary nutriments to the hair. The balsam allows an easy untangling of your hair and gives them brilliance and moisturizing back.

Capacity: 250 ml, 500ml, 1000 ml

Nourishing mask with biological coconut oil

The biological coconut oil brings the necessary nutriments to the hair. For a moment of recreation and escape choose the mask Coco.

In the twinkling of an eye, it will give vigor and brilliance to your hair.

Capacity: 250 ml, 500 ml

With
coconut extract

THE SHAMPOO ELODYS

ANTI DANDRUFF

Regulation of the light dandruff states

Use :

Regular use

Active principles:

Zinc Pyrithione, Piroctone Olamine

Active vegetal principle:

Ginkgo Biloba

An abnormal desquamation can lead to the appearance of ungraceful dandruff

The anti dandruff range ELODYS acts to:

- Clean the hair presenting dandruff
- Treat the scalp to eliminate the fungus responsible of this state while preserving the brilliance of the hair with the action of an anti dandruff agent and of Ginkgo Biloba.

Anti dandruff Shampoo

This shampoo is designed to fight efficiently against dandruff.

The dandruff aggregates end up disappearing to regain a healthy scalp full.

The hair is shiny and full of vitality.

Capacity: 250 ml, 500ml,1000 ml

With Ginkgo Biloba extract

THE SHAMPOO ELODYS

GREASY TENDENCY

Seborrhea regulation of hair with greasy tendency

Use:

Regular use

Active principle:

A purifying dermal protector

Active vegetal principle:

Cypress extract (Cupressus Sempervirens)

The sebum, a natural secretion, is indispensable for the hair because it lubricates it, softens it and waterproofs it. The phenomenon of greasy hair is due to an overactivity of the sebaceous glands.

The Greasy Tendency range ELODYS acts to:

- Eliminate the excess of sebum on the hair shaft
- Regulate the sebaceous glands so that your hair doesn't grease too fast again, while bringing softness and brilliance to your hair.

A purifying dermal protector complex stemmed from an aminoacid, the Glycine, and the cypress extract play a preponderant part to appease the scalp favoring the return to a "normal" flora as it is called of the scalp.

Greasy Tendency Shampoo

This shampoo is designed to clean efficiently the hair with greasy tendency while regulating the activity of the sebaceous glands

Capacity/ 250 ml, 500ml,1000 ml

With cyprès extract

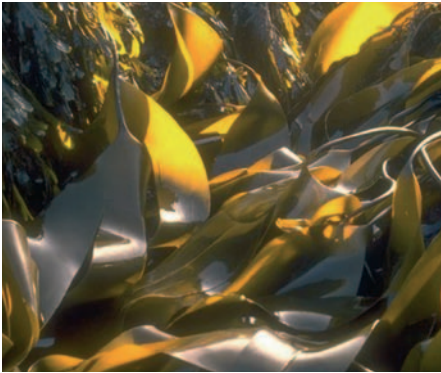

THE SOFTNESS SHAMPOO ELODYS

WITH SEAWEEDS

Remineralization of the scalp and the roots

Use: Regular use

Active vegetal principle:
Laminaria Digitata extract

The brown seaweeds (Laminaria Digitata) play a preponderant part in the development of the root of the hair inside the hair bulb providing water, proteins, vitamins and minerals essential for its growth.

Softness Shampoo with seaweeds extracts

This shampoo is designed to clean the hair softly. The brown seaweeds with remineralizing properties bring to the root of the hair the essential elements for its development.

Capacity: 250 ml, 500ml, 1000 ml

with seaweeds extracts

THE SHAMPOO ELODYS
